# The Winelands

The **Cape Winelands**, only an hours drive from Cape Town, encompass an enchanting region of fertile hills and valleys planted with **orchards and vines**. The history of wine-making here dates back more than 300 years, evidence of which can be found in the old **Cape-Dutch 'gabled' architecture**.

**Wine Tasting - Gastronomic cuisine - Animal sanctuaries - Hot air ballooning - Cape Dutch architecture**

## Activities and Attractions

Paarl and the historic University town of Stellenbosch represent the gateway to the region, whilst the pretty village of Franschhoek, (settled by French Huguenot protestant refugees) is a profusion of quaint Auberges and award-winning restaurants. The less well known towns of Wellington and Riebeeck Kasteel are also

home to picturesque buildings, excellent vineyards and olive and fruit farms.

Wine-tasting is obviously a central attraction to the region and informative maps are available locally, providing details of which vineyards are open for tasting and when. Generally there is a small fee and sometimes there are also tours of the wine-making process and cellars. If you are interested in a wine tour with a difference, you could consider exploring by horseback or horse drawn carriage!

Some wine estates also offer additional attractions such as the Goat Tower at Fairview, also known for excellent goat and dairy cheese. A selection of the many non-wine related attractions in the area include a Belgian chocolate factory and the

Drakenstein Lion Park, a sanctuary for Lions from all over the world.

As the location for the interactive Cheetah Outreach and Eagle Encounter Projects, Spier Village is also an excellent place to visit. The extensive riverside gardens create a pretty setting for a picnic from the on-site Deli or guests can instead opt for an African experience at Moyo Restaurant before sampling some local blends in the extensive wine shop!

For those travelers interested in staying in the Winelands and the Garden Route, we recommend considering driving the 'Route 62', which offers a scenic in-land alternative to the N2 highway and is the longest wine route in the world. The road meanders through the Breede River Valley and arid Little

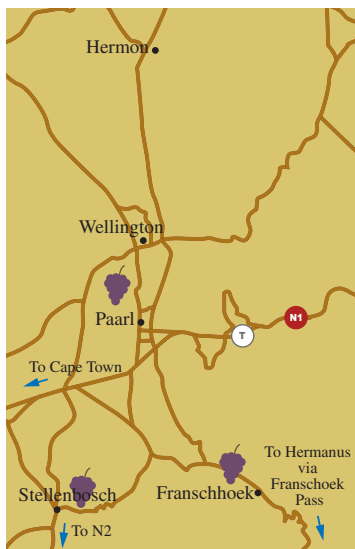

Karoo, traveling through many fruit growing and wine producing towns such as Worcester, Montagu and Tulbagh, where an entire street is a national monument.

## Accommodation

Whilst it is possible to visit the Winelands on a day-trip from Cape Town, as Stellenbosch is only an hours drive away, it is well worth considering a stay of a few nights.

There is a wide variety of excellent accommodation choices in the region, varying from a converted Cape Dutch Homestead set within the vineyards of a working wine farm, to guest houses full of character in the pretty village of Franschhoek.

In addition to the extensive range of facilities, Spier Village also offers high quality, yet affordable, hotel accommodation for visitors.
